School Reference Number: JWSS/2020/0317

11 May 2020

Dear parents/guardians of Secondary 4 and Secondary 5 students

Lesson Schedule for Graduating Students in Sec 4E / 4N/ 5N (20 May – 1 June 2020)

1. In our letter dated 4 May 2020, we had shared with you that we will be conducting lessons from 20 May–1 June for our graduating students. The school has always been providing this academic support for our graduating students during the mid-year holidays and will continue to do so this year as well.
2. In line with MOE's guidelines, from 20 May–1 June, the lessons for the graduating students will be a combination of
 - a) HBL Lessons for all students online via SLS **and**
 - b) Face-to-Face (F2F) Remediation Lessons in school for identified students
(as identified by subject teachers)
3. The Lesson Schedule is attached as Annex A for your easy reference. Please take note of the **following important points** as you look through the schedule:
 - a) In the first column, there are certain days labelled HBL and certain days labelled F2F.
 - b) For days labelled HBL, all students will stay at home to do HBL lessons on SLS which includes a mix of live teaching as well as self-directed learning. These HBL lessons are for ALL students.
 - c) For days labelled F2F, only the identified students will come to school for Face-to-Face (F2F) Remediation lessons with their subject teachers. Students not identified to come to school will continue with their learning at home.
 - d) We have ensured that the following groups of students have Face-to-Face (F2F) lessons in school with their subject teachers as specified in the schedule
 - i. students taking Mother Tongue Languages and are sitting for the Mid Year GCE O-Level Examinations
 - ii. students who need to use the science laboratories in school to do Science Practicals
 - iii. students who need to use the computer laboratories in school to do their Computing and CPA Practicals
 - iv. students doing coursework subjects

Secondary School*

JURONG WEST SECONDARY SCHOOL

61 Jurong West Street 65 Singapore 648348

Tel: 62623593 | Fax: 62623587 | Web: www.jurongwestsec.moe.edu.sg

- e) For the identified students coming to school for Face-to-Face (F2F) Remediation lessons, they should report in school 10 minutes before the lesson start time and proceed directly to the venue of the lesson upon arriving in school. In line with MOE's guidelines, students must wear a mask at all times when they are in school and all teachers conducting lessons would also be wearing masks. The school is already looking into making microphones available for teachers whose audibility may be affected by the wearing of masks during lessons.
 - f) As the extended circuit measures are still in effect, students should not be leaving their homes unless they have identified to attend lessons in school from 20 May – 1 June
- 4. There will be strict enforcement and adherence to all precautionary and social distancing measures for staff and students coming back to school from 20 May – 1 June in line with the guidelines provided by MOE. These will include temperature taking, having only a certain number of students in each lesson venue to facilitate social distancing in terms of seating, wipe down routine at the end of each lesson and fixed assignment of seating in canteen amongst others.
 - 5. From 20 May – 1 June, please note that the school canteen would be open from 9am to 2pm daily and different stalls would be open on a rotational basis. Identified students who are reporting to school for F2F lessons only after 1pm should have their lunch at home before reporting to school.
 - 6. For Weeks 1 & 2 of the May holidays, as part of the school holiday assignments, which we have always given to students during the mid-year holidays, students have already been given a practice paper to do for each subject. These practice papers will be submitted to the subject teachers for marking and feedback during week 3 of the school holidays.
 - 7. Based on requests from students, from 20 May – 1 June, we will be giving 2 more practice papers for each subject for students to do if students would like to have more practice during the holidays. These papers would be given to students by the respective subjects by 20 May via SLS so students can be self-directed to do more practice if they feel they would like to do.
 - 8. Students who have not been identified to come to school for F2F Remediation lessons can continue to arrange for online live consultations with their respective subject teachers if they need to ask certain questions, clarify doubts or go through the practice papers which they have attempted.
 - 9. Identified students who are coming to school for Face-to-Face (F2F) Remediation lessons from 20 May – 1 June are required to strictly follow the "*Instructions for students identified to come back to school for Face-to-Face (F2F) Remediation Lessons from 20 May – 1 June*" attached in Annex B.

JURONG WEST SECONDARY SCHOOL

Tel: 62623593 | Fax: 62623587 | Web: www.jurongwestsec.moe.edu.sg

10. We will be sending a letter by 15 May (Fri) to parents of identified students who need to come to school for Face-to-Face (F2F) Remediation lessons from 20 May – 1 June. This letter would specify the subjects that a student has been identified to come back to school for Face-to-Face (F2F) Remediation Lessons. The student will then attend the lessons he/she has been identified to attend according to the schedule.
11. Should a household member of any student be unwell with fever or flu-like symptoms, the student **should not** come to school for F2F Remediation lessons. In such an instance, the student should inform the Form Teacher who will then update the Subject Teacher.
12. Should you require further clarifications of any of the above points, please do not hesitate to get in touch with any one of the following school key personnel

a.	Ms Amanda Lee, Year Head 2 at lee_si_jie_amanda@moe.edu.sg
b.	Mr Rayner Goh, Head of Department, Partnership & Outreach at Rayner_GOH@moe.edu.sg

13. Thank you for your continued strong support and partnership as we work together to guide and support our graduating students.
14. Let us continue to Stay Safe, Stay Strong, Stay Healthy and Stay Home and work together to overcome this challenge as one united people.

#TeamJWSS #SGUnited #wearebehindyou

Yours sincerely

Mr Michael Muhunthan
Principal

**HBL Lessons for Graduating Students from 20 May – 1 June for all students
and
UPDATED Instructions for students identified to come back to school
for Face-to-Face (F2F) Remediation Lessons from 20 May – 1 June**

Dear students

- 1 We will be conducting lessons from 20 May–1 June for graduating students. The school has always been providing this academic support for our graduating students during the mid-year holidays and will continue to do so this year as well.
- 2 From 20 May–1 June, the lessons for graduating students will be a combination of
 - a) HBL Lessons for all students online via SLS and
 - b) Face-to-Face (F2F) Remediation Lessons in school for identified students (as identified by subject teachers)
- 3 You are to take note of the **following important points** as you look through the lesson schedule for your class:
 - a) In the first column, there are certain days labelled HBL and certain days labelled F2F.
 - b) For days labelled HBL, all students will stay at home to do HBL lessons on SLS which includes a mix of live teaching as well as self-directed learning. These HBL lessons are for **ALL** students.
 - c) For days labelled F2F, **only the identified** students will come to school for Face-to-Face (F2F) Remediation lessons with their subject teachers. Your subject teachers would inform you if need to come to school for the lesson. Students not identified to come to school will continue with their learning at home.
 - d) We have ensured that the following groups of students have Face-to-Face (F2F) lessons in school with their subject teachers as specified in the schedule:
 - i. students taking Mother Tongue Languages and are sitting for the Mid Year GCE O-Level Examinations
 - ii. students who need to use the science laboratories in school to do Science Practicals
 - iii. students who need to use the computer laboratories in school to do their Computing and CPA Practicals
 - iv. students doing coursework subjects
- 4 If you have been identified to return to school for F2F Remediation Lessons with your subject teachers, please take note of the following measures (A-C below) and do adhere to them strictly for your own safety and well-being as well as that of your family members, classmates, schoolmates, teachers.

As we have always shared with you, the health of each of us depends on all of us.

A Before coming to school

1. Ensure you are feeling well. Take your temperature before leaving your home. If you are unwell with fever or flu-like symptoms, contact your Form Teacher (FT) and inform him/her of your condition. Your FT will update your subject teachers. You should also see a doctor immediately and rest at home.
2. If you have household members in your home who are unwell with fever or flu-like symptoms, you **should not** come to school for F2F Remediation lessons. You should contact your FT and your FT will alert your subject teacher. You should continue to stay at home and engage in HBL lessons that your teacher has prepared.
3. Bring along your thermometer and ensure you put on a mask before you leave your home.
4. You should be properly attired when you return to school. You may either be in full school uniform or school half-uniform (school PE T-shirt with long pants/pinafore)
5. Familiarise yourself with the day's timetable especially in terms of time and venues. Check your lesson schedules and venues again to be sure that you should be in school for F2F lessons on that particular day. Keep in mind that the extended circuit breaker measures at the national level are still in effect and you should not leave your home unless you are identified to attend lessons in school.
6. You should only arrive in school 10 minutes before the stipulated time you are scheduled to have a lesson. (e.g., if your lesson starts at 11.30am, you should report to school at 11.20am.) and you have to proceed directly to the lesson venue and not loiter at any part of the school.

B When in school

1. Wear a mask at all times when you are in school. This also applies when you finish your lessons and make your way home.
2. Ensure that you verify your entry into school via **SafeEntry** before entering as this has implemented at the national level since 12 May. You can choose either of the methods below to do your verification.
 - a. By using a QR code scanner on your mobile phone to scan the SafeEntry QR Code displayed at the security guard house OR
 - b. Bring along your student EZlink pass or NRIC to have our security guards scan your entry.

If you require assistance on **SafeEntry**, please visit <https://safeentry.gov.sg/>

3. **When you enter school, go straight to your designated lesson venue.** You should not be loitering around. Your subject teachers will inform you of your designated classroom in advance.
4. In class, before the start of every lesson, you will be required to take your temperature and to show your thermometer reading to your teacher. Ensure your attendance is marked as well.
5. You will be seated in fixed exam-style seating in class; at least 1m apart. No changing of seats will be allowed at any time.
6. **If** there is a **gap** in between your F2F lessons (e.g., you have Lesson 1 and no other lesson after that but have coursework in the afternoon), you must remain in the school canteen and do self-directed revision/work at the designated seating until your next session begins. There will be signs put up for you in the canteen to guide you as to where you should be seated and continue to practise all social distancing measures.
7. At the end of each lesson, you will be required to carry out the wipe-down routine at the venues of your lesson. Your subject teacher will supervise the wipe-down routine.
8. Pay attention to your personal hygiene. Practise frequent hand washing with soap. You could also use the hand sanitizers provided at the venues of your lessons.
9. During recess/lunch if you need to be in school, you must be seated at your designated seat in the canteen at all times. Do not to move about and mingle with your school mates. You need to observe the safe distancing measures by maintaining a distance of at least 1m away from the others. You should also wash your hands before and after eating and practice wipe down after your meal.

C After lessons in school

1. At the end of the F2F Remediation lesson at the scheduled time, you must exit the venue and leave the school premises. You should not move to any other venue in school or loiter around in school.
2. Continue to wear a mask even after you have finished your lessons and are making your way home.
3. Once you are out of the school grounds, you should go straight home and not loiter as the circuit breaker measures are still in effect.

4. Should you have any questions at any time or you are unclear about any of the arrangements, do get in touch with your subject teacher or form teachers for assistance. You can also get in touch with Ms Amanda Lee (Year Head 2), Mr Rayner Goh (HOD Partnership & Outreach). Alternatively, you can contact the school during office hours.
5. We hope you will find the lessons useful and beneficial.

Stay Safe, Stay Strong, Stay Healthy and Stay Home.
